

JASON CHESKO
Senior Manager, Global Market Development
Methanex Corporation

As the Senior Manager, Global Market Development, Mr. Jason Chesko is focused on executing Methanex's global energy strategy and initiatives to support methanol demand growth into marine fuels and other energy applications. Mr. Chesko chairs the Methanol Institute's Global Fuels Committee and sits on various other industry committees.

Based in Vancouver, BC, Mr. Chesko has been with Methanex Corporation since 2002. Prior to his current role, Mr. Chesko led Methanex's Investor Relations function for six years and held positions in Corporate Development where he worked on various growth projects and new business initiatives.

Prior to joining Methanex, Mr. Chesko worked in investment banking at CIBC World Markets, providing capital raising and advisory services for institutional clients, and Chevron Canada focusing on the downstream fuels market.

Mr. Chesko graduated from the University of British Columbia with a Bachelor of Commerce, and completed a Master of Business Administration degree at the University of Toronto. He also holds a Chartered Financial Analyst (CFA) designation.
